Front-End Developer | React Native Developer

Professional Summary

Detail-oriented and passionate Front-End Developer and React Native Mobile App Developer with hands-on experience building responsive websites and cross-platform mobile applications.

Proficient in JavaScript, React, and React Native, with strong skills in consuming APIs, implementing UI/UX designs, and optimizing performance.

Adept at working in fast-paced environments and delivering pixel-perfect, scalable code.

Technical Skills

- Languages & Frameworks: JavaScript, React.js, React Native, HTML5, CSS3, Tailwind CSS
- Version Control: Git & GitHub
- Tools & Platforms: VS Code, Chrome DevTools, Postman, Figma, Netlify
- Other: REST APIs, Responsive Design, Mobile-First Development, Debugging

Professional Experience

Meidmap — Front-End Developer (React) – Remote

Sept 2024 – Present

- Building and enhancing the Meidmap user interface with React.js and Tailwind CSS
- Consuming RESTful backend APIs to dynamically render data-driven components

- Collaborating with backend engineers to ensure seamless integration and data flow
- Debugging and optimizing performance for a smooth user experience
- Implementing reusable UI components and maintaining clean, scalable code

Smart Approaches (UK) — Mobile App Developer (Remote)

Oct 2024 – Dec

- Designed and developed multiple mobile app screens using React Native
- Consumed RESTful APIs and created dynamic UI components
- Ensured app responsiveness across different devices and screen sizes
- Collaborated with backend developers and testers in an Agile team

Tomorrow AI — Front-End Developer (React)

Aug 2023 – Dec 2023

- Built and maintained front-end web interfaces using React.js and Tailwind CSS
- Integrated third-party APIs and optimized application performance
- Participated in daily team stand-ups and peer code reviews
- Ensured mobile responsiveness and semantic HTML structure

NYSC – National Youth Service Corps — ICT Instructor / Web Developer

Nov 2024 – Oct 2025

- Taught secondary school students basic programming and digital literacy

- Developed a React-based platform to promote tech education
- Led the project from concept to deployment using Netlify and Web3Forms
- Designed educational user interfaces with mobile-first principles

Education & Certifications

- GIIT Africa – Front-End Development Certificate (2023)
- GIIT Africa – Mobile App Development Certificate (2023)
- FreeCodeCamp – Responsive Web Design
- FreeCodeCamp – Front-End Development Libraries (React)

Portfolio
